

The Forest City Scuba Discover Scuba Birthday Experience!

What is a Discover Scuba Birthday Experience?

Get away from the McPizza, electronic, quarter eating redemption machine, soda-pop rut and DIVE your youngsters into the amazing underwater world! Brought to you by Forest City Scuba the PADI Discover Scuba program lets kids experience the thrill of diving under the supervision of our PADI Professionals in a swimming pool. During this adventure, youngsters will master some basic concepts and scuba skills. Very Cool!

What will they do?

When your youngsters participate in a Discover Scuba Diving program with us, they'll discover the excitement, adventure, freedom, weightlessness and exhilaration of breathing underwater. Only a diver knows the feeling and it's awesome!

How long will it take?

Get ready to dive today. We need about 4 hours to show a short PADI Discover Scuba video and discuss the program, then we'll get everyone geared up with all the cool scuba equipment and head to the pool...before you know it we'll get in the water and be ready for the scuba adventure.

www.forestcityscuba.com

How it works!

Simply call us at 815.398.7119 and we'll set up a time. Typically we will need to have your Discover Scuba Birthday on a Saturday or Sunday (based on availability). Our package gives you and your group exclusivity to our PADI Professionals and facility.

We'll meet at our Dive Center, tour the store, go through some necessary paperwork and pick out the gear we'll need. Then it's off to the pool! After the pool session we have a party room for cake, pop and the birthday festivities.

Pricing:

Base Fee of	\$140.00
